

PLM TRANSFORMATION & CONSULTING SERVICES (PTCS)

STATE OF THE MARKET

Digital technologies for Cloud, Big Data, Social, and Mobile are enabling creation of powerful features in popular PLM products. There is a growing need to best utilize these transformational technologies for developing and manufacturing products. The investments will be most effective when the PLM approach is aligned to changing business needs with a future proof architecture that is flexible, scalable and agile.

SERVICE OVERVIEW

PTCS from L&T Technology Services enables streamlined operations to deliver higher efficiency. Industries addressed are: Industrial Products, Automotive, Aerospace & Defense, Medical, Oil & Gas, CPG, EPC, and Energy & Utilities.

Our services include:

- Impact assessment of AS-IS process and TO-BE process
- Systems engineering readiness assessment and roadmap
- Application rationalization and data transformation services

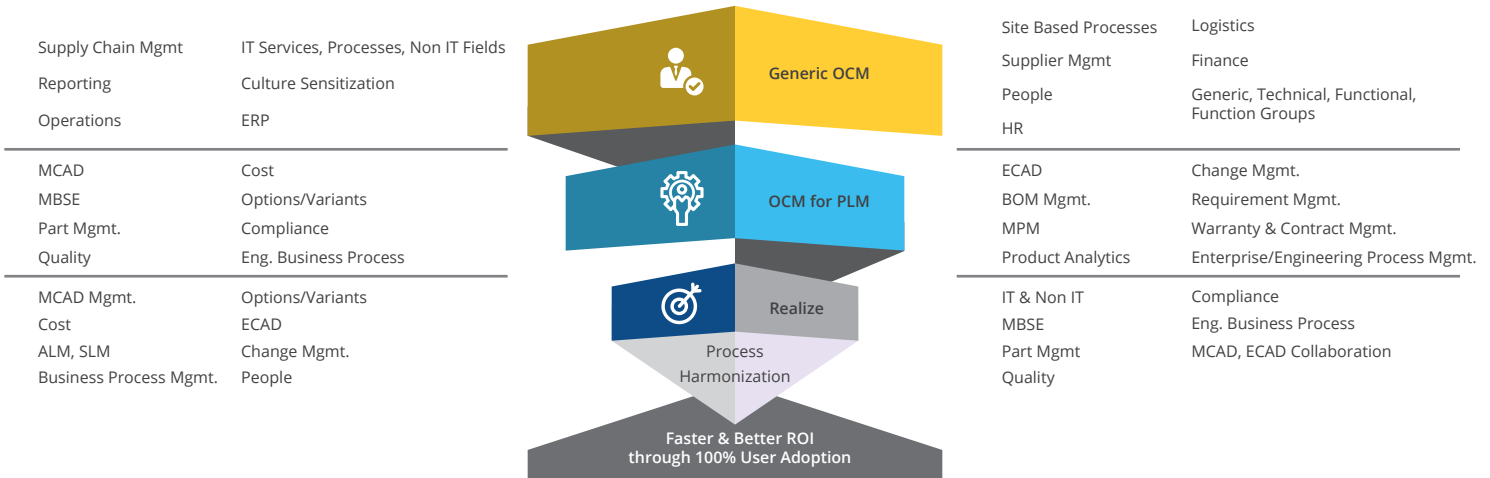

PLM Platforms: ENOVIA, Windchill, Teamcenter, Agile

ERP Applications: SAP, ORACLE (EBS), JDE, PEOPLESOFT

Web Services: TIBCO

CAD Platforms: CATIA V5/V6, UGNX, Solid works, Creo, Inventor, Solidedge

PLM ORGANIZATIONAL CHANGE MANAGEMENT FRAMEWORK

KEY DIFFERENTIATORS

- Checklists and templates for every stage of the transformation built on rich experience
- Comprehensive approach to risk management strategies
- Strong industry references and proven ROI metrics

BENEFITS

- Maximize PLM Value using frameworks for Organizational Change Management (OCM) & ROI realization
- Maximize Operational Efficiencies by implementing connected PLM for closed loop feedback and product development.
- Roll out of integrated PLM with IoT and Usability, Mobility, Analytics, Cloud & Security (UMACS)
- Cross Disciplinary Global Collaboration Build anywhere and Design anywhere approach

CASES

- Enabled 100% user adoption of PLM Platform by designing structure approach to manage user dynamics
- Redefined a new R&D operating model, for an industrial giant by reducing the launch time by more than 15% and improving R&D efficiency over 25%
- IT Transformation for a leading power trading company by conducting IT sensitization and change management training for more than 300 entry level and tenured users

EXPLORE MORE

PTCS is part of our Digital PLM Services which also offer:
